

Longmeadow Primary School Behaviour Statement

Policy Agreed: Autumn 2015

Longmeadow Primary School

Summary of our Expectations of Behaviour in School:

In Longmeadow Primary School we encourage the highest standards of behaviour through the teaching of positive values and attitudes. We expect all members of the school community to show respect to each other. Any unacceptable behaviour is dealt with promptly and appropriately.

School is a place of work for both children and adults, and we teach children to develop the responsibility and self-discipline to support this ethos. Our approach is to provide a safe and secure physical and emotional environment for learning and teaching.

See our full Behaviour Policy for further information.
