

## Week Two - Home Learning Year 3

Please make sure that your child is completing work daily. Any completed work can be emailed to the teacher and they will be given feedback. Work can be sent over via pictures or email attachments.

### Writing Task:

Read chapter 2 of the Iron Man. Which prepositions can you find in this chapter?

Use prepositions to write some sentences about the Iron Man, describing where he or other objects are to each other.

**Example prepositions:** on top of, below, above, behind, next to, under, in front of, inside.

**Challenge:** beside, near, in the middle of, between, underneath.

### Reading Task:

Practise reading a book aloud and echo-read with a sibling or adult if you can! You could read to the end of *The Iron Man* if you like.

Choose a problem, argument or other bad thing that happens in your chosen story.

Why is that not a good thing?

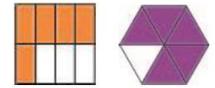

What would you have done differently?

What do you think will happen in the future?

Why do you think that?

### Maths Task:

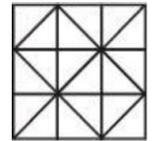

What fraction is shaded?

Remember: the top number (numerator) is how many pieces you have **shaded** or are using and the bottom number (denominator) is the number of pieces **altogether!**

**Challenge:**

Investigate how many triangles would need to be shaded to show  $1/2$ ,  $2/3$  and  $1/4$ .

### Cultural/Creative Task:

It will soon be Easter! Research Easter traditions and how different people celebrate around the world.

You might want to research some common symbols of Easter and where they came from. These could include: Easter bunny, chicks, chocolate eggs or why the colour yellow is often used at Easter.

Present this in any way that you would like! Painting, drawing, writing, poster, video, song!

### Topic Task:

Create a **comic** about life in *Skara Brae* during the Stone Age!

What kind of **character** is your comic about?

What are they doing and why?

What is their house like?

You can use our powerpoint for extra information or research your own! There is a template for you to use for your comic or you can draw your own boxes!

### Science Task:

Research a nocturnal animal (animals that are awake at night and sleep in the day). Why are they nocturnal? How does light affect their eyesight?

Create a poster about the facts you have learnt about nocturnal animals and light.

**Challenge:** Compare two different nocturnal animals to see similarities and differences.

Please ask an adult before using the internet for any research.
