

# Year One Weekly Communication Flyer

Mrs Easton and Miss Pateman

## WEEK ENDING: 11th January 2018

### In Maths we have been learning to:

Complete doubling sums. We have been using a range of objects to teach the children about doubling. We even got the children doubling themselves!

#### Can you complete these sums:

$$4+4=$$

$$5+5=$$

$$6+6=$$

$$7+7=$$

$$8+8=$$

Double 10?

Double 20?

### In English we have been learning to:

Blend and sound out key phrases from a story. We have been focusing on the story 'Goldilocks and the three bears'. We enjoyed acting out the story, making and tasting our own porridge. We have been reading the key phrases from the story and using lots of expression and story language.

### Our topic this half term is:

'Once upon a time'

We now have our very own role play castle in year 1, where we have been writing our own stories using a variety of story language.

This week we have been designing and building our own chair for baby bear thinking about the materials and ensuring Goldilocks does not break it! We have also been creating our own experiments by testing which materials float and sink.

### This week's homework is:

### Important Messages:

A big thank you to all the parents and children who came to the phonics and reading workshop on Thursday evening. If anyone would like a handout with the information please ask your teacher.

Below is a great website to teach your children about doubles:
