

Year 5 Weekly Communication Flyer

Mr Coomber, Mr Amoros, Mrs McQueen & Mrs Flora

WEEK ENDING: 1st March 2019

In Maths we have been focusing on:

We have finished our unit of fractions with a few lessons on word problems.

Though they may be tricky, all students have tried their best and have succeeded! Next, we are moving into percentages and decimals.

In English, we have been learning to:

In English, we have been looking at relative clauses. These are used to help give more detail to a noun.

The students found this easy, which is wonderful! Over this week and the next, we will be focusing on poetry and the visualization that they create through vocabulary choice.

Important Messages:

PE has been moved to Thursdays and will alternate between mornings and afternoons. We may be adding a second PE lesson throughout the week. When this has been confirmed, we will let you know the date.

We are working hard to figure out the WoW day date as soon as possible to make sure anyone who would like to attend can. It will be nearing the end of our term and will be focusing on boats, Vikings and Anglo-Saxons.

This week has been amazing; students have been ready and willing to participate in class as if they did not have a week off. We would like to thank all of you for making sure the students were ready for a busy week back.

Coming up on Thursday, March 7th it is World Book Day. Students are encouraged to dress up as their favourite character from a book. They may also bring in a used book to exchange for another used book after school. Parents are encouraged to attend as it will take place after school.

Writing letters:

Amber class: We are finishing our replies and sending these out over the next little bit.

Ruby class: We have begun to receive some of the letters back. Hopefully, by the end of the weekend, all of the letters will be received.

This week's homework is:

This week in both classes, we will be doing a roll your Picasso painting.

The worksheet will be going home with the students.
