

# Year 4 Communication Flyer

Miss Martin Mr Martinez

WEEK ENDING: 05.04.19

## In Maths, we have been learning to:

We have been looking at multiplying and dividing by 10 and 100. We used a range of different numbers including decimals. We are now all experts at this!

**Spicy:** We have been looking at finding equivalent fractions by dividing the numerator and the denominator by the same number.

## In Science, we have been learning to:

In Science we have been looking at ways to stay safe around electricity. We made our own safety posters to help others understand the dangers that can surround electricity.

## In English, we have been learning to:

Write an imaginative scene by listening to music. We have listened to Carnival of the animals and tried to imagine the different things that the animals were doing. We have been working on:

- Expanded noun phrases
- Complex sentences
- Use of conjunctions

## This week's homework is:

Choose one of the mathematical phrases and make a poster, which shows all the words that could be used. For example, subtraction – take-away etc.

Our topic next half term will be food. See if the children are able to do some food making and preparing over the holidays.

## Important Messages & Diary Dates:

Thank you to everyone who attended parent consultations. It was lovely to share all the success of your children with you. Please let your child's teacher know if you still need an appointment or if you want to discuss anything further.

Well done to all the children for completing a successful term at swimming. All the adults were very impressed with you and we will be looking out for your badges, which will hopefully arrive next term.

We will be coming back to school on Tuesday 23<sup>rd</sup> April. We hope you have a lovely rest of the Easter holidays!
