

# Year 6 Communication Flyer

Mr Hetherington    Mr Barlow    Mrs Nyakasikana    Miss Wiernicki-Rayat

WEEK ENDING: 10.05.19

## In Maths, we have been:

Revising aspects of scales and intervals, place value, fractions and decimals and 2d shape. We have also concentrated on the language of Maths and that all children are understanding the vocabulary and what it means.

## In topic, we have been:

The children have been labelling and identifying the different sub levels within a rainforests. In Science, the children have continued to work on classification of animals and they have completed classification trees and made their own to classify animals appropriately.

## In English, we have:

The children have been editing and improving their own stories based on the unforgotten coat. They have been working extremely hard to impress their year 7 teachers with the final copies, using their best handwriting!

We have been revising and practising strategies for completing the reading papers and going through terminology within the SPAG tests.

## This week's homework is:

**Language revision sheets:** Please can you talk through these with your child, helping them with words they have forgotten or do not understand.

Encourage your child to turn on their performance voice when reading text; this is linked to our reading fluency project.

Have a rest – you have all worked hard, ready for the tests next week.

## Important Messages & Diary Dates:

**Homework:** Please can all parents just speak through anything with their child, which they are unsure of. Use the revision guides for SPAG and Maths to just talk through vocabulary in each subject – nothing more.

**SATs evening:** Thanks to all the parents who turned up to the SATs meeting on Tuesday at 6pm.

**Reminders:** Next week, as if you need reminding, is SATs week. All children must attend. If for some reason you have any issue, however small, can you please contact the school, immediately for advice.

SATs breakfast starts at 8.15am onwards – we look forward to seeing all of the children there, bright and breezy.

Good luck Year 6s for next week!

Monday 27 <sup>th</sup> May	Half Term
Friday 31 <sup>st</sup> May	
Friday 28 <sup>th</sup> June	Inset day
Monday 1 <sup>st</sup> July	Inset day
