

Year One Weekly Communication Flyer

Miss Pateman

WEEK ENDING: 13th September 2019

In Maths we have been learning to:

identify one more and one less than a given number. We have been doing lots of fun activities outside by chalking numbers and identifying the correct number. We have also been cutting and sticking numbers in our books, remembering how to form them the right way round.
What is one more than 4?
What is one more than 17?
What is one less than 9?
What is one less than 23?

Our topic this half term is:

'Places to play' We have been creating posters describing our favourite places to play. We have discussed parks, trampolining, seashores, gardens and many more.

On Friday we are very excited to play at Shephalbury park where we will be playing on the equipment and using parachutes etc.

In English we have been learning to:

Write lists and labels. Firstly, we looked at what a label looks like and created our own for the classroom. We then looked at the story 'Each peach pear plum'. We enjoyed describing the characters and writing lists of objects we could see in the pictures e.g. jam, cup, tap.
Can you remember any characters from the story?

This week's homework is:

Please see the attached homework sheet. Our new homework policy is a 'dip and do' approach, this is where you can choose any of the activities in your own time. Please bring in your homework so we can display it in the classroom.

I am looking forward to seeing your creative ideas.

Important Messages:

Thank you to everyone for signing the consent forms. During our topic this term we will be taking part in lots of local trips to parks, evaluating them in lots of detail. In our English lessons we will be writing recounts about our trips.

If anyone needs to speak to me at the end of the day please catch me after I dismiss all of the children, thank you.
