

## Reception Home Learning Menu Autumn Term 1

With your child, you can 'dip into' any of the activities on the sheet. Your child can present their learning in any way they would like and bring in their pieces of work any time during the half term to share with their class.

Get investigating: Can you investigate ice? How does it feel? What happens when it gets warm? Can only water be frozen?

Get reading:  
Can you retell your grownups any stories that you have listened to about winter?

Get visiting:  
Can you get to the library and find out more about dinosaurs. You could use non-fiction or fiction books. Or, visit the internet to see what you can find.

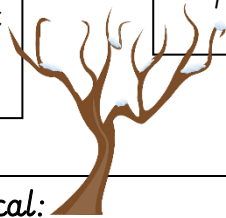

Get creating:  
Can you create a picture of a snowman? How will you make it? Will you draw, paint, collage or model? What will you use?

Winter- its cold  
outside  
Spring Term 1

Get outdoors:  
Can you go for a winter walk? What can you see outside that tells us it is winter?

Get mathematical:  
Can you make a winter picture using the circles, rectangles, squares and triangles?

Get your fingers busy:  
Can you sing any finger rhymes such as 'Tommy thumb'? Can you teach them to your family?
