

Nursery Weekly Communication Flyer

Miss Griffiths

WEEK ENDING: 31/01/2020

In C.I.L, we have been learning to:

- Use our hands and different tools to manipulate play dough
- Take turns when using the water area
- Transform our numbers into robots

In our adult led sessions we have been:

- Creating Aboriginal dot paintings on boomerangs
- Making paper plate Koolas with grey, white and black paints
- Learning about the Australian flag and using the correct coloured pencils to make our own

Important messages and diary dates:

Our interests and favourite things to do this week have been using the new play dough and playing in the water area.

Reminders:

A gentle reminder to ensure that if your child has their ears pierced that they are wearing the appropriate earrings for school (small studs or sleepers).

Don't forget that it is PE day every Friday. Please ensure that children bring in their PE clothes with their name on them.

Off Topic Week: Australia

This week we did an off topic week all about Australia. This tied in with Australia Day, which was recently celebrated on the 26th of January. Miss Griffiths loved teaching the children a little bit about her home country!
