

Year 3 Communication Flyer

Miss Golder Miss Humbles

WEEK ENDING: 31.1.20

In Maths, we have been:

Practising our multiplication skills. We have been using arrays to calculate and have used our existing knowledge of times tables to help us with further calculations. E.g. If I know that $3 \times 3 = 9$, I also know that $6 \times 3 = 18$ (because we can double it).

In Topic, we have been:

Exploring materials to find out if they are magnetic or not magnetic. We have been thinking about why some materials are magnetic but not others. We have also been learning about the tools used in the Stone Age - how they were made and what they were used for.

In English, we have been:

Exploring different explanation texts and learning how to write our own. We have identified the features of explanation texts and have looked at several examples. We have been using these texts to also improve our conjunctions and punctuation!

This week's homework:

Fantastic work on Spelling Shed - well done. Keep it up!

Thank you for the homework that is coming in. We are so impressed! We have been sharing these weekly and celebrating our efforts!

Important Messages & Diary Dates:

Tuesday 4th February - Feeling Good Day (come in sportswear)

Wednesday 5th February - KS2 attendance event (2.15-3.15pm)

Thursday 6th February - Parental voice (2pm) and KS2 Valentine's Disco (5-6.15pm)
