

Year One Weekly Communication Flyer

Mrs Riley

WEEK ENDING: 11th September 2020

Welcome to Pink class.

This week Pink class have all settled well into being back at school. We have enjoyed exploring the new classroom areas and have worked on the school rules of being Ready, Responsible and Respectful.

In Maths this week:

We have been focusing on our counting skills. We have completed a range of challenges linked to counting set amounts or working how many objects there are. We have also focused on number formation.

Our topic this half term is:

'Places to play.' We have been thinking of different areas within Stevenage that we could go and play. We have also explored the outside area and created a list of all the areas we could explore during independent time.

In English this week:

We have been helping Max with writing lists. He has needed our help to record what is in his box. We used our phonics knowledge to help sound the initial sound to words.

Important Messages:

Reading books will be set on 'bug club'. Each week you will be issued a new book to read at home with your child. Any questions about this please ask.

Reminders

Please can only one parent pick up and drop off your child on the playground so we can ensure social distancing rules are being adhered to as much as possible on the playground.

PE will be starting on Tuesday 15th September 2020 so please can your child come in wearing their PE kit every Tuesday.

If you have any questions about anything please speak to Mrs Riley at the start or end of the day.
