

# Year Two Weekly Communication Flyer

Mr Clarke

**WEEK ENDING: 11<sup>th</sup> September 2019**

## In English this week:

We have been learning about the traditional fable of 'The grasshopper and the ant'. We have acted out the story to gain an understanding of the moral it tells. We have then learnt about using adjectives to conjunctions in order to retell the story in our own words.

## In Maths this week:

We have explored number lines this week to learn the value of numbers and compare using language such as more and less. We have been thinking about how to regroup numbers in different ways in order to help us add easily. We have also worked hard using practical resources such as dominoes and cards to double 1 digit numbers.

## Important Messages:

Welcome to Year 2, The children have made a great start. They have been busy exploring the different areas in and out of the classroom as well as getting to know all the members of staff.

## Key Dates

PE will be on Thursday afternoons and children will need to come to school wearing an appropriate PE kit.

## Our topic this half term is:

'Heathly Humans.' We will be exploring how food and exercise keeps us heathly. We will also be researching Florence Nightungale and finding out her importance in history.

## Independent learning

The children have had fun exploring their independent learning areas and enjoying the good weather. They have chosen to join in with some PE activities, construction or gardening.

If you have any questions about anything you can catch me briefly at the beginning or end of the school day. Otherwise, if you email or call I will do my best to get back to you as soon as possible. I look forward to getting to know your children and yourselves this year.
