

Green class (Reception)

Weekly Communication Flyer

Miss Pateman

WEEK ENDING: 17th September 2020

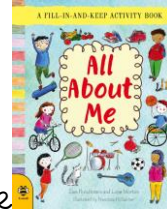

In phonics this week:

In our phonics this week, we have been focusing on the letters s, a and t. We have been thinking about the initial sounds, what it sounds like and what objects begin with the sound. Can you and your child think of any words that start with the letter 's'.

In independent learning time this week:

During independent learning time the children are able to choose which activity to complete inside and outside. This week the children have been thoroughly enjoying the mud kitchen and exploring the new herbs that have been added.

Our topic this half term is:

'All about me'

This week we have completed a joint collage which represents green class. We used a variety of collage materials to show that we are all different and unique.

In maths this week:

This week we have been comparing our heights using unifix blocks to measure. We used lots of mathematical language such as taller, tallest, smaller etc.

Important Messages:

A homework sheet has been created for you to complete with your child over this half term. Please could you send any completed homework by email. The homework will be displayed in the classroom.

Thank you for those parents who have emailed a picture of their child's baby photo. The children have enjoyed having these on display!

Reminders

Please can only one parent pick up and drop off your child on the playground so we ensure social distancing as much as possible on the playground.
