

# Reception/Year One Weekly Communication Flyer

Miss Townsend

WEEK ENDING: 9<sup>th</sup> October 2020

## Home Learning

We sent home an ideas list of suggested home learning activities for you and your child to dip into. It would be lovely to receive an email with some pictures or text about what your child has been up to at home and we will print it out and display it in our classroom.

## In Maths this week:

We have been focusing on sequencing numbers. We ordered the number cards and identified if there were any missing numbers. We have also looked at different ways to make 5 and 10 using a range of manipulatives.

## Important Messages:

Don't forget to log into your bug club account and read at home. I am able to track and see who is accessing their accounts and I will change the books when needed.

## Reminders

Friday 23<sup>rd</sup> October- Halloween non-uniform day- £1.00 paid on gateway.

Please can you ensure face coverings are worn at all times whilst on the playground.

If you have any questions please about anything please speak to Miss Townsend before school or at the end of the day.

## Our topic this half term is:

'Places to play.' This week we have been thinking about the local area we live in. We have looked at pictures of Stevenage from the past and present and discussed what is similar and different. We looked at Stevenage on a map and see if we could find places that we have been to.

## In English this week:

We have continued to explore the book 'Journey' by Aaron Becker. This week we have been focusing on the different transports the little girl used and the journey it takes her on. We then designed our own location we would like to visit if we stepped through the red door.
