

Green class (Reception)

Weekly Communication Flyer

Miss Pateman

WEEK ENDING: 15th October 2020

In phonics this week:

In our phonics this week, we have been looking at the letters c and k and have been recapping o, g and n. We have been thinking of CVC words to read such as kid, cap, lot etc. Can you practice writing and reading these words at home- don't forget to add your sound buttons.

In independent learning time this week:

During independent learning time the children are able to choose which activity to complete inside and outside. Outside we have been exploring colour mixing and leaf prints using powder paints. We have also been using the digging area to dig for treasure pretending to be pirates and writing our own maps.

Our topic is:

'Autumn'

We have been taking part in a range of activities to explore ways to learn about seasons and autumn. We have been on autumn hunts around the school field to collect autumn objects. Then we created autumn collages and thought about how to label them correctly.

In maths this week:

We have been thinking about how to represent a number. We have created posters which shows many different ways to represent each number. We have also been using numicon to print with to help us understand the value of each number.

Important Messages:

Thank you for those who have emailed me their homework. The children have loved seeing their work on display.

Reminders

Please can only one parent pick up and drop off your child on the playground so we ensure social distancing as much as possible on the playground.

Please can you ensure masks are to be worn at all times whilst on the playground.

Please can you ensure you are accessing bug club with your child daily. Any questions- please ask. .
