

Year R/1 Weekly Communication Flyer

Miss Townsend

WEEK ENDING: 28th May 2021

Home Learning

We will be sending out a home learning sheet for you to dip into on teams and also as a paper copy. There will be lots of different ideas for you to enjoy working through together over half term. You can now bring in work to share in class or you can submit it back via teams too if you wish.

In Maths this week:

We have been focusing on identifying the whole and part using the cuisinaire rods. We have then been using this to write addition and subtraction number sentences.

Our topic this half term is:

We have finished our Space unit of work now. The children have enjoyed learning new and interesting facts and have produced some amazing work. Our next topic will be about plants and growing and we cannot wait to see what seeds we will be planting!

In English this week:

We have been writing our own poems. We wrote a list of adjectives to describe either an elephant or a lion and also wrote rhyming words to. We then used all of this knowledge to write a simple poem which we then enjoyed performing to our peers.

Important Messages:

Don't forget to log into your bug club account and read at home. I am able to track and see who is accessing their accounts and I will change the books when needed.

Reminders

I hope you all have a wonderful and safe half term break. I will see you all on Monday 7th June (more dates to follow).

Please can you ensure face coverings are worn at all times whilst on the playground.

If you have any questions about anything please speak to Miss Townsend before or at the end of the day.
