

Autumn 2- Home Learning - Nursery

Any completed work can be emailed to the teacher via pictures, videos or email attachments. Please do not bring any learning into school. All home learning should be sent by Tuesday 14th December.

We are Athletes

Practise using your fine motor skills to put on your own clothes! Can you do up the zip? Can you do up the buttons? Can you undo them? Can you put your hands in?

We are Readers

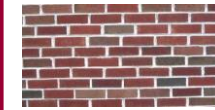

Share a story with your grown-ups. Whilst you are reading, talk about the different pictures you can see. Who are the characters? What is the titled? What happened in the story? What might happen next?

We are Mathematicians

Go on a pattern hunt! Where can you find patterns? Look to see if you can find them in houses, supermarkets, I the park etc. Patterns are everywhere!

For an extra challenge, see if you can create your own ABAB pattern.

We are Musicians

Have a look around your house and see if you can find any noisy objects (for example, hitting a pan and a spoon together, shaking a cereal box, clicking a pen). How many noisy objects can you collect?

We are Scientists

Can you explore how colours can be mixed together? You could use pencils, pens, paint, food colouring, play dough - anything you can think of!

What colour do you think it will make? Which one was your

favourite?

We are Artists

Create a colourful collage using things you find around your house! You could also use different coloured natural objects, like leaves or flowers.

Please ask an adult before using the internet for any research.
