

Spring 2- Home Learning Year 1

Any completed work can be emailed to the teacher via pictures, videos or email attachments. Please do not bring any learning into school. All home learning should be sent by Friday 1st April.

We are Authors

Following on from our learning on 'Tuesday', which animals could begin an adventure next? Where might they go? How would they get there? How would they get home? Write a short story using either sentences with capital letters and full stops(trickier), or a story map (tricky).

We are Historians

What do you now know about Henry VIII?

Draw Henry VIII, and using sentences (trickier) or key words (tricky), label 4 things that you now know about him. This could be clothing, food, what he liked to do, the main events in his life, or where he lived.

We are Scientist

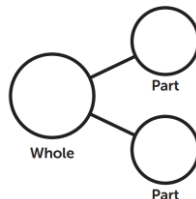

To help us with our learning on the human body, draw a simple body outline. Can you label the main parts of the body that we have learned?

Key words: head, arm, leg, elbow, knee, neck, feet, hands, hair, teeth

We are Mathematicians

Using objects at home, complete your own part whole models like the one below, making sure that the parts add together to make the whole.

We are Engineers

Design your own model to make at home using junk modelling/recycling that you have at home (check it is clean and safe to use with an adult).

Make sure you draw your design and write a list of what you will need.

How did you get on making your model? Don't forget to evaluate what went well and what you had to change.

PSCE

How are you different to the people in your family?

How are you the same?

Draw you and your family members. Write 3 things that are the same and 3 things that are different using key words (tricky) or sentences (trickier).
