

Summer 1- Home Learning Year 4

Any completed work can be emailed to the teacher via pictures, videos or email attachments. Please bring any learning into school. All home learning should be sent by 17th June.

We are citizens:

Go on a walk to your local park, do you spot any recycling bins? Count how many black rubbish bins there are.

Is it litter free? Create a poster to ensure people put litter in the bin.

We are authors:

Research the environmentalist Greta Thunberg.

Create a fact file about her life and what she has achieved to battle climate change.

We are readers:

Read the products you have in your home? Are the cartoons/bottles recyclable?

Do they contain palm oil? If so, could you explain why palm oil is bad for the environment?

We are artists:

Create a collage only using recycled materials such as bottle tops, labels and magazines.

We are engineers:

List all the possible ways a carrier bag can be re-used?

Attach pictures if possible.

We are fitness superstars:

Create an outdoor game that can use eco-friendly materials to play with.

Create the rules and explain how to play the game.
